AAUW means different things to each member, some joined for bridge or book club or to meet new people, but we all support the mission of AAUW. Our mission is to advance equity for women and girls through advocacy, education, philanthropy and research. To carry on this mission, our Branch will emphasize mission-based programs whenever we can. If you have suggestions for programs that you believe accomplish this goal, we hope you will share them with us. Although the Interest Groups are mostly limited to members, our programs are open to the public. We encourage you to invite your friends to participate in them. We look forward to seeing you at all of our events.

On a personal note, I would like to thank Helen Hatchett for her service as Co-President of the San Mateo Branch for the past three years. She has been a positive leader to all of us and a mentor to me. Her hard work for our branch is an inspiration and we are the better for it. Thank you, Helen.

WELCOME TO NEW MEMBERS:

Janice (Jan) Lamphier

Jan, a 4th generation Californian, attended Northwestern University, where she earned a BA in economics, and returned to the area after she graduated. She first belonged to AAUW when her children were small, and we're happy that she has rejoined! In 1993, she retired from the SM-Foster City School District where she was a middle school secretary for 18 years. Over the years she has volunteered for the fire and police departments as well as the crisis center and currently she is a library volunteer. She is especially interested in books and movies, and most of all, she is a huge SF Giants fan.

Judy Mayer

Judy, a retired gifted education middle school teacher, received a BA in English/education from the U. of Washington and a MA in gifted education from Cal State LA. She was on the Tech Trek committee at the Tustin area AAUW branch, and moved here to be closer to family. Her hobbies are ceramics, water color painting, knitting and reading, and is interested in Tech Trek, Great Decisions, Book Group, Bridge and Scholarships.

TOUR OF CAROLANDS ON SEPT. 3

The Carolands Chateau is one of the largest private residences built in the United States. It has been called one of the last of the great homes built during the Gilded Age. The Chateau was built by Harriet Pullman, daughter of George Pullman (creator of the Pullman Company), and her husband, Francis Carolans of San Francisco.

Building was begun in 1914 and Harriet and Francis moved into Carolands in 1916. They lived there until 1918 when their marriage began to dissolve. After the death of Francis, the Chateau was sporadically occupied by Harriet and her second husband, until it was put up for sale in 1928.

TECH TREK – Maureen Buchner

Eight excited scholarship winners recently arrived home from a week at Tech Trek Camp at Stanford University. They lived in a freshman dorm, ate meals in a nearby dining hall, walked several miles per day to classes and back, and had a fabulous time. They expressed their thanks in notes written at camp.

Here are some excerpts: "This has been a really fun camp. I am in physics core class and I build new things every day, such as a hovercraft, a balloon-powered car and a rocket...You have provided us a pathway to a life full of science ...none of this would be possible without you." Thank you, Jayla Stokesberry.

"Thank you for sending me to Tech Trek! I really love being here and learning that women can be scientists...I hope you continue letting girls enjoy science and math. Tech trek is so much fun, I wish I didn't have to leave." Elyssa Samayoa

"This has been a brilliant and memorable week. My favorite activity was solving the instant insanity puzzle, along with building my own 3D cube puzzle (math core class). This has literally been the most wonderful camp I've ever been to before...and I will cherish this memory." Alexandra Chin

"Thank you so much for selecting me for Tech Trek. I am having a lot of fun and learning so many different things....I have met new friends and done lots of activities, like dissecting a squid, building robots and much more." Kara Shannon

"Thank you for recommending me. I've made my friends proud, and I've made my family proud, but most of all, I've made myself proud. I was insecure at first, but now I am sure that I can do whatever I want. I can definitely say I have matured because of Tech Trek." Sincerely, Sophia Guevara.

"Thank you for this amazing opportunity...I have been having the most awesome week of my life. A Pixar person came and we learned all about how people make animated movies. We also had a class on Astronomy where we learned about Black Holes and white dwarves"...Teagan Browne

"Dear San Mateo Branch, I want to thank you for giving me the opportunity of being exposed to the girl power of science. I have met so many new friends here at Tech Trek and have learned so many useful things from the amazing staff." Emily Gavidia

"We had an amazing field trip to the Virtual Reality Lab, and I got to try it out...I was given the superpower of flight which was impressing but kind of scary the higher I got...I really appreciate what you do to help girls get into science fields."..Laurine Aldairy

Come and meet these great young women at the October 5th Fall Brunch. Keep up the good work of funding these scholarships for our San Mateo/Foster City seventh-grade girls from all of our middle schools.

Public Policy Group Will Discuss Human Trafficking and Laura's Law

We are very fortunate to be able to offer two stimulating and thought-provoking speakers in our Public Policy/Current Events discussion group meetings in September and October.

Our first speaker, Rose Mukhar, is a local attorney who has represented a number of trafficked women and children. She will speak on the subject, "How Big a Problem is Human Trafficking in San Mateo County?" Her talk is scheduled for Tuesday, September 16th from 10:30 a.m.-12 noon at the home of Diane Silven.

On Tuesday, October 21st our speaker will be Steve Kaplan, Director of Behavioral Health and Recovery Services for the San Mateo County Department of Health. He will meet with us from 10:30 am.-12 noon to talk about Laura's Law and whether our county is ready to enact this means of helping mentally ill county residents obtain the health services they need to function successfully. It is explicitly intended for individuals who are in crisis or recovering from a crisis caused by severe mental illness. Although Laura's Law was enacted by the state in 2002, it is up to each county to pass legislation to put it into effect.

Both meetings will be in Diane's lovely home. They are open to all AAUW members, family and friends. For further information, call Betty Bernstein.

PROS & CONS: OCTOBER 14

There will be seven (7) ballot initiatives on the November 2014 California ballot. Some of these can be quite complicated so to clarify the issues we have joined with the North and Central San Mateo County League of Women Voters to present the Pros & Cons of the initiatives to members of AAUW. This meeting will be on Tuesday, October 14, at the Administration Building of the San Mateo County Community College District, 3401 CSM Drive, San Mateo, from 1:00 pm to 3:00 pm. This meeting is open to the public so please bring your friends if they are interested in hearing about the ballot initiatives. If you cannot attend the Tuesday meeting during the day, the League of Women Voters will be presenting the Pros & Cons on Monday evening, October 13, beginning at 6:30 pm at the San Mateo Library, 55 W. Third Ave. San Mateo.

November 8th Branch Meeting

All members of our branch are invited to meet Amanda Governale, our scholarship winner, who attended NCCWSL (National Conference for College Women Student Leaders) in Washington, D.C., this past June. She will be showing a video that she made, speaking about her experiences, and sharing what she has brought back from this gathering of national college women student leaders and mentors. Amanda is a graduate of CSM, our college partner, and she has transferred to Notre Dame de Namur to finish her degree. Please join us for coffee and dessert on Saturday, November 8, at 1 p.m. at the home of Annette Delaney.

RSVP by email to Annette Delaney or phone Maureen Buchner to reserve a space. Guests and prospective members are welcome. Be an advocate for membership in AAUW!

NCCWSL COMMITTEE NEEDS MEMBERS!

The branch intends to give an annual scholarship to one or more community college students to

NCCWSL (National Conference for College Women Student Leaders) in June 2015. In order to make this happen, we are forming a committee to finalize a scholarship application, set up judging criteria, and discuss possible fundraising options. Please contact Maureen Buchner to help with this committee. The time commitment would be in February-March 2015.

AAUW CA Convention April 2014

Maureen Buchner, Membership Co-VP, and I attended the AAUW California Convention in Los Angeles from April 11-13. The theme for this convention was E^3 = Engage, Educate, Empower girls and women in our community. We engage girls by giving them opportunities to participate in STEM & Tech Trek and athletic programs available to them. We also educate our young women through our scholarships, fellowships and grants. Finally, we empower women to fulfill their potential through legal, educational and political activities. This is the mission of AAUW that, based on the discussion and seminars we attended, AAUW is accomplishing well.

The 3-day convention was very busy with plenary sessions, featuring Tech Trek and a screening of the movie *The Invisible War* that deals with the epidemic of rape in the military. We also heard from our Public Policy Advocate

who updated us on what's going on at the state legislature. The AAUW-CA public policy team reviews and considers bills most relevant to AAUW-CA's mission and public policy priorities and takes positions on where AAUW-CA will have the most impact. You can find and follow these bills on the AAUW-CA website by clicking on the Public Policy link on the left side of the home page, then clicking on Bill Tracking.

We also attended workshops and business meetings where we discussed the future of AAUW at the state & local levels. They were interesting and informative meetings including a stimulating discussion on how AAUW is perceived in the community and how we can improve our "brand".

It was a pleasure and an honor to represent you at the State Convention. We look forward to using this information to improve our Branch and to serve you better.

2014 FUNDS LUNCHEON

Thank you to everyone who attended the branch fundraiser last April. We had a great time at the Crystal Springs Golf Course. Our speaker, Shirley Lamarr, was dynamic and inspirational to one and all. She proved that you CAN change your behavior and make positive changes for yourself and your community. We met the College of San Mateo NCCWSL recipient, Amanda Governale, and through our ticket and extra

contributions we donated \$1267.00 for the 2015 NCCWSL (National Conference for College Women Student Leaders) scholarship recipient. I am working on next year's event, and I hope many of you will be able to attend.

Elissa James, "Funds" Chairperson

2014 Scholarship Reception

Gerhild Klein and Judy Laird celebrated at the Scholarship Reception with some of the students who will attend a four-year university this fall. The AAUW Ethel Gayman fund provided six \$3,000 scholarships and the AAUW Kathleen A. Smith funded one \$5,000 scholarship.

Thanks to the Scholarship Committee "readers:" Gerhild Klein, Marty Moga, Ramona Raybin, Billie Lou Sands and Norma Tarrow.

Judy Laird, Committee Chairperson

Continued from Page 2: Carolands

The home and surrounding 550 acres were sold for development in 1945. Countess Lillian Remillard Dandini, a San Francisco heiress, purchased the home in 1950, saving it from demolition, and lived there 23 years. She willed the Chateau to the town of Hillsborough but funds for its upkeep were not available. In 1998, after years of neglect, the home and grounds were bought by Charles Bartlett Johnson and Dr. Ann Johnson who restored it to its former glory. The Johnsons donated the property to the Carolands Foundation in 2012.

The California Fact and Legend Section will be visiting Carolands on Wednesday, September 3, at 2:00 p.m. for a guided tour. There is room for 13-14 non-section members to participate. If interested, please contact Helen Hatchett by Friday, August 29th.

TWO-MINUTE ACTIVIST MESSAGE - 8/14/14
(This is the latest action request from Sue Miller, Public Policy Director, AAUW CA)

[Take action now!](#)

AAUW California cosponsored SB 1349 to improve Title IX (Title V in California law) compliance in school athletics. The bill is now headed to the Governor's desk, where he can sign OR veto the bill. While Titles IX and V are the law, compliance can be iffy, especially when not consistently measured and publicly reported, as will be required by SB 1349.

The Governor is regularly quoted as saying "not every problem needs a bill" so we need to show the Governor the demand for this important compliance tool.

[TAKE ACTION NOW:](#) Send Gov. Brown an e-mail to tell him you want his signature on SB 1349.

To learn the fate of the bill, check [Facebook](#) or follow [@aauwcalobbyist](#) and #SB1349 on Twitter."

This is the type of action request each member receives once they have signed up on the AAUW CA website, as mentioned in Gayle Hardt's article on this year's convention.
